

CXP Target Training Cycle

- Quick-release access panels and easily removable pedal cranks simplify service
- Forged steel pedal cranks include quick-adjust straps
- Dial levelers make it easy to adjust the leveling foot after installation, maintenance or hard use without lifting the cycle
- Comfortable multi-position handlebars with an integrated water bottle holder simulate the different grips of real road racing
- Ergonomically sculpted seat relieves pressure on touchpoints
- Contoured resistance lever provides tactile feedback for quick changes
- Intuitive adjustments customize the cycle to each user's body
- Narrow Q-factor optimizes ergonomics for a real outdoor riding feel
- Low-maintenance, well-protected rear flywheel design includes magnetic resistance for smooth, consistent adjustments and watt measurement within 2% accuracy
- Ideal for precision tracking during workouts that target watts, heart rate, RPMs, distance or calories, providing personalized intensity and progress metrics
- Intuitive touchscreen Target Training Display offers engaging graphics and an LED color wrap that helps instructors and riders gauge intensity (compatible with ANT+ and Bluetooth)
- A variety of programs including interval, pace, heart rate, goal-based workouts and Sprint 8 give riders individual training options

DRIVE SYSTEM
